Remarks

Here's a cute Oak Park ranch that offers something most don't; a second full bath! Original hardwood floors in living room and bedrooms. Some windows are vinyl replacements while some are the original steel windows for that vintage look. Basement is partially finished and ready for you to create a cozy hang out space. All appliances stay, including washer and dryer. Large, custom built storage shed has electricity. Backyard is fenced for pets and has several mature shade trees. Occupancy at close. Add your personal touches and move right in.
